

SAMPLES PAGES: INSTRUCTIONS AND PATTERNS

The Hidden Creature

This is a picture of a creature from the past. What can it be?

You can fix the picture so everyone will enjoy the trick.

Here is how.
 First cut along the blue line. Cut out the shape. Fold all the dotted lines. Press down on the folds.

Now you have a pyramid with four sides. Tape it. Fold the tab.

Pick it up and hold it like this:

Cover one eye and look at the point of the pyramid. Can you see the creature? It's a stegosaurus! You can put it on the wall. Just tape the flap like this.

Cut on the solid lines. Fold on the dotted lines.

THE MOON BUG

First cut along the blue line.

Cut out the MoonBug.

Fold in three places.

Tape.

Turn the Bug upside down. Tape the flap to the bottom.

Fold down the legs.

The MoonBug likes to sit and look at the moon.

First cut along the blue line. Fold on the dotted lines.

Cut on the solid lines. Fold on the dotted lines.

Movies

There are two "movies" on this page. Make them both the same way.

First cut along the blue line. Cut out one of the strips.

Fold the strip on the dotted lines.

Get a pencil. Roll the longer picture around it lowest you.

Make sure it stays rolled. Take the pencil out. Put the strip on the table.

Put your finger under the rolled-up part and rub back and forth quickly. Keep on doing this and watch your movie!

Cut out the other strip and make the second movie to show your friends.

Cut on the solid lines. Fold on the dotted lines.

Whatzit?

First cut along the blue line.

Cut out the Whatzit.

Fold it into a box and tape.

Turn the box over.

Push the strip back through the box.

Push and pull the Whatzit's tail. The face will appear and disappear. Surprise!

See the tip about taping on page 4.

Cut on the solid lines. Fold on the dotted lines.

Robot Caddy

First cut along the blue line.

Cut out the robot.

Tape

Fold on the five dot-and-dash lines. Tape the flap to the back.

Tape

Fold up the bottom pieces. Tape the flaps to the front and back of the robot.

Fold up the arms. You can keep stamps, or buttons, or other small things in the bottom of your Robot Caddy.

Cut on the solid lines. Fold on the dotted lines.

Crazy Daisy

First cut along the blue line.

Cut out the daisy. Cut the six slits.

Fold the red strip down.

Shape the red strip into a circle and tape.

Bend each petal down a little on the dotted line.

Hold the Crazy Daisy high up and let go. Watch it spin around fast as it falls.

Cut on the solid lines. Fold on the dotted lines.

Spider Creature

First cut along the blue lines.

Cut out the Spider Creature.

Fold the four legs with the red eyes up. Fold the ends down.

Hold the Spider Creature high and drop it. It floats to the ground and lands on its feet.

Cut on the solid lines. Fold on the dotted lines.

Martian Rock Chopper

First cut along the blue line.

Cut out the Rock Chopper.

Tape

Fold on the three dot-and-dash lines. Tape the ends together. Fold down both choppers.

Press the two red dots. The choppers will move—chop, chop, chop.

Cut on the solid lines. Fold on the dotted lines.
